**Fun Halloween Facts:**

- The origin of Jack-O-Lanterns comes from a Celtic folk tale of a stingy farmer named Jack who would constantly play tricks on the devil. The devil responded by forcing him to wander purgatory with only a burning lump of coal from hell. Jack took the coal and made a lantern from a turnip, using it to guide his lost soul.

- Celts believed Halloween was a time when the wall between our world and the paranormal world was porous and spirits could get through. Because of this belief, it was common for the Celts to wear costumes and masks during the festival to ward off any evil spirits.

- Black cats, spiders, and bats are all Halloween symbols because of their spooky history and ties to Wiccans. All three were thought to be the familiars of witches in the middle ages, and are often associated with bad luck.

**Important Reminders**

Air conditioners will be covered & the Maintenance Team will be performing their “winterization” checklist very soon. We will be distributing notices as to when they will be on your floor in the very near future.

Some tips for staying warm in your apartment as the weather gets colder: Make sure all windows are fully closed; all baseboard vents are in the open position; move furniture away from baseboards to allow air to circulate; and on very cold days make sure to keep your blinds down & in a closed position.

The Trash Chute is only for bagged, routine, household garbage and trash. If you have cardboard boxes, please break them down and place on the “G” level by the Service Elevator. Maintenance will then dispose of them properly.
Anyone in the business of serving pizza probably does not need to be reminded that October is National Pizza Month here in the United States. While the contribution of the first pizzerias in this country cannot be ignored, it was really the returning American soldiers who fought in Italy during World War II that brought a hunger for pizza home with them and pushed its popularity over the top.

America's love of pizza continued to grow and now October is the official National Pizza Month across most of North America. First observed in the United States during 1984, October was designated as National Pizza Month by Gerry Durnell, the founder of Pizza Today magazine, who chose that month because the first issue of his magazine debuted in October of that year.

Durnell was a pizzeria owner in the small town of Santa Claus, Indiana when he realized there were no periodicals or tradeshow publications to support his growing pizza business or the industry in general. Creation of a national pizza-oriented magazine along with the introduction of a national pizza month served his purposes perfectly and solved the problem.

Today, National Pizza Month is observed each October across the USA and in much of Canada too. The designation might be a bit redundant in this country though, as nearly every month could be considered Pizza Month in the United States these days.
