Helpful Storage Tips

- If you're storing tables and other furniture, **remove legs & disassemble** to conserve storage space.
- **Use shelving** to take full advantage of the storage space.
- **Store couches on end** (except sofa beds).
- When packing your storage room, **create a center aisle** for access to all items.
- **Store items you'll need most often at the front** of the unit.
- **Don't over pack boxes.** Overfilled boxes will rupture and topple when stacked.
- **Pack books flat**, not standing on end (which may cause damage to the spines). Books are extremely heavy, so don't pack too many in one box.
- Have blankets, draperies, and out-of-season clothing clean and **ready to be packed on a hanger** or wardrobe box.

** Be sure that your storage items are covered by property insurance. Check your apartment dwellers or home owners policy details. If not, The Taft can refer you to a company that will provide coverage. The Taft is not responsible for damage to personal property for whatever the reason.
